Wow Gilles! Feb 10 2021 Villeneuve is still racing across our imaginations. Courage, fury and heart-rending tenderness. Gilles Villeneuve died on 8 May 1982 on the Zolder track, in Belgium. Since then thirty-five years have passed. A long time, or the blink of an eye, if we come to terms with the intensity of memories, with the colours of passion. Above all, red, the red of his Ferraris, stumbled upon by chance and ultimately brought into a firmament that amazed us, worried us, gave us absolute joy and fear. Even though he never obtained a world title, he won all our hearts. A collective emotion with a painful premonition. A true, great sports story, with a protagonist transformed into an immortal legend. *Wow Gilles!* covers, year after year, the "reckless" life of Gilles Villeneuve through the photographs of Ercole Colombo and texts by Giorgio Terruzzi. The voices of these two exceptional narrators (both were eye-witnesses to the Canadian race driver's over-the-top life) guide us along a journey that begins in 1977 and ends in 1982. From his F1 debut to his tragic accident in Belgium, this spectacular photo album will allow readers to relive the romanticism of the sport that characterized those years, of which Villeneuve was a key player.

The Horrific Crimes of Gilles de Rais Revisited Jun 16 2021 Gilles de Rais has been described as one of the most horrific serial killer of the Middle Ages or was he? Revisiting Gilles de Rais crimes. La Roche-Bernard, France. September, 1438 Peronne Loessart knew that she should feel honored, both for herself and on her young son's behalf. But she was still in a state of unease bordering on fear. The Baron de Rais and his entourage were in her town, stopping at the hotel of Jean Colin, which was in the immediate neighborhood of Madame Loessart's home. One of the Baron's men, a man named Poitou, had spied her ten-year-old son and approached her about engaging the boy as his page. Young Loessart often drew such attention. He was an uncommonly beautiful child, with golden hair and expressive blue eyes. But this was the first time that he had come to the notice of a potential patron. Poitou, whose real name was Etienne Corrillaut, went to Madame Loessart and offered her four pounds for the boy's services, with an added bonus of one hundred sous for a new dress. He also promised to continue the child's education at a prestigious institution. Although distressed at the thought of being parted from her son, Madame Loessart finally agreed. She knew that he had limited opportunities for advancement in La Roche-Bernard. Poitou also gave her his word that the boy would be well provided for. She believed it. Gilles de Rais was the Marshal of France, a great man who had helped Jeanne d'Arc bring about the victory at Orleans. A regal escort preceded him wherever he went and trumpeters announced his presence at each destination. His ostentatious display of wealth and pageantry turned heads and inspired both awe and adoration. Now her son would have the chance to benefit from such glory. A pony was purchased from the hotel owner for the boy to ride, and the Baron's entourage left for his castle at Machecoul the following day. There was probably a tearful goodbye, accompanied by promises to send messages and see each other soon. Despite the excellent opportunity she appeared to be giving her son, Madame Loessart remained anxious. Perhaps separation anxiety was taking hold. Maybe the rumors that had been circulating lately now seemed more plausible. Whatever the reason, she suddenly ran after the departing party. One of the Baron's servants intercepted the distraught woman and held her back, reminding her that a bargain had been struck. Gilles de Rais did not respond to her pleas. Instead, he spoke to the servant restraining her. "He (the child) is well chosen. He is as beautiful as an angel." Finally Madame Loessart calmed down, and the Baron's party resumed its journey. Two years passed. The Baron's servants passed through the village once during that time, although young Loessart was not with them. On demanding news of her son, the men informed her that the boy was either at Tiffauges or Pouzauges. The truth was that he was long dead. Scroll back up and grab your copy today!

Gustav Klimt Jan 30 2020 Gustav Klimt's art thoroughly expresses the apocalyptic atmosphere of Vienna's upper middle-class society - a society devoted to the cultivation of aesthetic awareness and the cult of pleasure. The ecstatic joy which Klimt and his contemporaries found - or hoped to find - in beauty was constantly overshadowed by death. And death therefore plays an important role in Klimt's art. Klimt's fame, however, rests on his reputation as one of the greatest erotic painters and graphic artists of his times. In particular, his drawings, which have been widely admired for their artistic excellence, are dominated by the erotic portrayal of women. Klimt saw the world "in female form".
