True Confessions in the Key of Eros Sep 06 2020 This book wrote itself, so to speak. For many years this author had maintained the attitude that the multifarious erotic experiences that are the subject of this book ought to remain in the minds of the participants, to be reawakened, revisited and enjoyed only by them. This instinctive assessment gradually morphed into a realization that there lies no shame in sharing one's sexual adventures with whoever cares to visit them and / or vicariously participate. The abiding caveat being, of course, to scrupulously maintain the privacy of the individuals who unwittingly share this largesse allowing for the enjoyment of countless third party participants. This book then is dedicated to those who venture to enjoy the erotic journeys of the senses. Are there those that do not ?
