"Like Whitman, Quesada is a poet of motion—journeying to the heart of the US, where the traditions and innovations of first-generation Americans traverse the meditative starbursts of hills; ford rivers; cross paths and seek out 'the alpenglow of tomorrow and tomorrow.' From Costa Rica to Los Angeles and across the continent, Quesada's poems chronicle his own history: from the courtship of his parents to their separation, from his childhood struggles to awakening desire from his mother's lottery win to his own personal losses, Ruben Quesada carries us toward 'that seam in space' where dream and experience intersect. This isn't the story of why he came to this country. It's the story of what it means to belong here"—D. A. Powell.

Odes May 08 2021 Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sex in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirteen Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns tender and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.
