Things seem always to go downhill whenever it comes to me and relationships... Even though I'm in a relationship with Roy, he's been avoiding me lately, claiming he's just been super busy with work. It's an excuse I've heard many times before. I'm not really sure what's going on between the two of us, but I'm worried he's lost interest in me and the relationship. But as much as it pains me, I know I'll survive. After all, I've survived my myriad breakups before, so what's one more failed relationship in the mountain of 'Fifi's failed relationships'? At least I have Hallowed Homes to keep me occupied and our newest set of clients-a family of four Romanian vampires. The vampires have decided to open a year-round haunted house attraction (much to Lorcan's dismay) in the old Colonial at the top of the hill, overlooking Haven Hollow. But when someone suddenly ends up dead, I'll find myself stuck in the middle of a murder mystery most foul.

Conspiracy (The Plot to Kill Hitler #1) Jun 24 2019 Based on the real-life scheme to take down one of history's greatest monsters, this heart-pounding trilogy puts two courageous kids at the center of the plot to kill Adolf Hitler. Berlin, November 1943.

With bombing raids commencing, the city is blanketed by explosions. Siblings Gerta and Max Hoffmann live a surprisingly carefree childhood amid the raids. Berlin is a city going about its business, even as it's attacked almost nightly. But one night, the air raid sirens wail, and the Hoffmanns' neighborhood is hit. A mortally wounded man comes to their door, begging to be let in. He asks for Karl Hoffmann, their father. Gerta and Max watch as Karl tries in vain to save the man's life. Before he dies, the stranger gives their father a bloodstained packet of documents, along with a message: "For the sake of humanity, the Führer must die. Finish it, Karl!" Based on real events, this is the story of two children swept up in a fight for the soul of Germany -- and the world.

[Cashmere Curses](#) Aug 31 2022 Paranormal Women's Fiction from #1 Amazon Bestseller, J.R. Rain, and New York Times Bestseller, H.P. Mallory A Haven Hollow Novel Time to walk softly and carry a big stake... I had it all. A powerful coven. A charming Victorian mansion. A sexy car. A couture closet. Credit cards up the wazoo, and an endearing familiar. Actually, scratch that, Hellcat would never be described as 'endearing'. More like: the bane of my existence. So, I almost had it all. Then a vampire came along and ruined it when he turned me into a Blood Witch. Now, I've been kicked out of my coven, kicked out of the mansion, I have no credit to speak of, the Lexus is a thing of the past and, not only am I driving something from the 80s, but it's also unapologetically yellow. And rusted. But the biggest kicker of all? I'm still stuck with Hellcat. Even though my luck has too much in common with a toilet, if Wanda Depraysie is anything... it's determined. Determined to make a go of things all by myself-determined to start over. So, I pack up the few items I can actually call my own and I move to the only place that doesn't fall under coven ownership-a little town in Oregon called Haven Hollow. Imagine my surprise when I find out a gypsy has already taken up residence in this afterthought of a town. Well, no worries, witch magic trumps gypsy magic and I'll make short work of her. After all, Haven Hollow is way too small for the two of us. No, the gypsy won't be an issue. It's my new landlord who's going to be the death of me... possibly quite literally. Why? Because he's none other than the vampire who turned me into a Blood Witch in the first place, thereby ruining my life. Lorcan Rowe is the most infuriatingly smug, irritatingly determined and offensively nosy person I've ever met and if my magic were functioning correctly, I'd hex him into oblivion. But, that's just it-my magic is on the fritz. And that won't do-especially when I need to open my enchanted clothing store, Wanda's Witchery, yesterday. When my fabrics go missing at the same time that my magic stops working, I can only blame one person: Lorcan. Well, that vampire is about to learn a very valuable lesson-you don't mess with a witch, blood or otherwise, because when the going gets tough, the tough get a really sharp stake. Druid's Curse Jan 24 2022 Paranormal Women's Fiction from #1 Amazon bestseller, J.R. Rain, and New York Times bestseller, H.P. Mallory! Something Wicked to Haven Hollow Comes... At least, I hope it's not wicked. What is it? A book. But it's not like any book you've ever heard of or seen before. First off, it's animated, and I swear it acts like a little dog, complete with a wagging red bookmark tail. Secondly, the only person who can read it or see any of the pictures within the ancient and worn leather binding is my thirteen-year-old son, Finn. The book, which Finn names 'Vellum,' randomly shows up outside my door at Poppy's Potions one night and begs to be let in. As if that weren't enough to cause the hair on the back of my neck to sit up and take notice, Vellum has an owner. And a few days later, I meet that owner. His name is Alixandre Osmont, and he's a traveling magician. Only, he's a magician who really possesses magic. Not only that but there's something about Alixandre that seems strangely... familiar, though I'm sure I've never set eyes on him before. Yet, my soul doesn't seem to agree. Oh, and Alixandre just happens to be gorgeous with a capital G., and he's British and has a voice that could melt glass. But I digress. Anyway, while constantly reminding myself I have a caring, loving, and wonderful boyfriend in Marty, I can't help but feel guilty regarding this strange and overpowering attraction I have to another man. And, what's stranger still is that Alixandre seems to return my same bizarre and confusing feelings. It's not long before my personal life is in turmoil, and that's when I learn Finn is in trouble. The only person I can turn to, the only person who can help me fight off the dark powers trying to gain control of my son, is Alixandre. Stuck between a rock and a hard place, I do what any caring mother would-I go after my son and damn the consequences.

Good and Cheap Sep 07 2020 A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”; and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.
