A Catered Tea Party May 19 2021 A billionaire is felled at a fundraiser: "Fans of culinary cozies by Joanne Fluke and Diane Mott Davidson will enjoy discovering Crawford."—Library Journal Everyone in Longely, New York is talking about Blue House, an art complex that will bring the quaint little town a theater, an art gallery, and even a restaurant and coffee bar. But they're less than enthusiastic about Ludvoc "Zeb" Zalinsky, the self-made billionaire who's funding the complex—and rubbing everyone the wrong way. Sisters Bernie and Libby Simmons are catering an elaborate tea party for an opening night gala fundraiser. But just when it seems the Alice in Wonderland-themed tea party is going according to plan, Zeb lifts an electric tea kettle, clutches his chest, and falls to the floor. It doesn't take long for police to decide that this seemingly random accident was actually cold-blooded murder. As Bernie and Libby set out to find the culprit, they realize Zeb might have had more enemies than money. With so many possible culprits to sort through, only one thing is clear: Zeb was poured a steaming cup of revenge—and a second serving may be on the menu... Includes original recipes for you to try!

Nineteen Eighty-Four Apr 17 2021 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Introducing Democracy Feb 13 2021 This textbook, specially commissioned by UNESCO, addresses eighty of the most pressing questions about democracy today.

Four Corners Level 1 Full Contact with Self-study CD-ROM Dec 14 2020 Four Corners is an integrated four-skills English course for adults and young adults. Cooper Hill Stylebook Oct 04 2022 Now in its 3rd edition, The Cooper Hill Stylebook is the classic high school and college revision manual. It's a 599-page, practical, step-by-step how-to for every writer. Based on 70 years of experience in high school and university classrooms, The Stylebook helps teachers cut correcting time in half and turns students into independent learners with all the revision expertise they need immediately at their fingertips. FAQ at the beginning of each chapter anticipates questions and defines terms. Explanations to grammar/writing problems use short sentences in classroom-tested language. 1500+ humorous and topical examples illustrate and correct errors. Up to 50 practice exercises follow each part of every chapter. 1000+ exercises represent actual student mistakes. Click SEE ANSWER after each question for immediate answers and explanations. Ready-made unit on rhetorical fallacies for journalism and media studies. Every chapter a complete user-friendly lesson/What users are saying/e! love the book and am using it every day. As soon as I can, I will order more because more department members want to start using it! "e:- June Davison, English Department Chair ret., Valley Regional High School, CT "e:I wanted to write and tell you how valuable and magnificent your Stylebook has been to my work. [...] It's an invaluable resource to have."e:- Karen Dugan, North Attleboro, MA "e:Thanks to this fantastic book I've been placed in a sophomore English class with only two other freshmen."e:-Nancy Marie Spagnolo, Marymount College of Fordham University "e:This is one of the best books on writing and revision I've ever seen. I'm brushing up to return to school. Writing essays is a weak spot for me, and I know this book is going to help me."e:- Tina K. Fusco (Online Review) "e:I wish I had had this book years ago when I first started teaching freshman writing. It will be the standard handbook for my students from now on."e:-Yael Halevi-Wise, McGill University "e:The Stylebook strikes a very practical balance between teacher instruction and student self-help. The explanations are clear and accessible, and the exercises eliminate the need for constant reinforcement by teachers."e:-Harold Freedman, English Department Chair ret., Amity Regional High School, CT "e:An educational rarity [...] a good read! Here is something of value for writers of every stripe: high school, university, and beyond."e:-Dorothea Braginsky, Fairfield University "e:A great tool for any college writer. The book covers everything from improving writing efficiency to spotting and correcting rhetorical fallacies. The index makes the book accessible for research. A really handy guide and reference."e:- Del, Online Review "e:The Stylebook is the only book I will go by from the end of high school, to college, to graduate school, to life. The Stylebook is the only grammar/writing book I'm able to read and not fall asleep."e:-Zhang, Online Review "e:The Stylebook is the only writing reference book you will need to own. It covers completely mechanics, punctuation, tricky spellings, confusing word pairs, and the fine art of logical thinking. It is easy to use. Exercises are amusing, answers are explained clearly. I feel comfortable grabbing this book for a quick reference."e:- Aunt D, Online Review "e:I am studying English at Cornell University, and was looking for a book to help me hone my writing skills. This book answers even the most nitpicky questions about grammar and sentence structure."e:- jackmike1, Online Review

Rigged Jul 29 2019 FROM THE AUTHOR OF THE #1 NATIONAL BESTSELLER JUSTICE ON TRIAL Stunned by the turbulence of the 2020 election, millions of Americans are asking the forbidden question: what really happened? It was a devastating triple punch. Capping their four-year campaign to destroy the Trump presidency, the media portrayed a Democratic victory as necessary and inevitable. Big Tech, wielding unprecedented powers, vaporized dissent and erased damning reports about the Biden family's corruption. And Democratic operatives, exploiting a public health crisis, shamelessly manipulated the voting process itself. Silenced and subjected, the American people lost their faith in the system. RIGGED is the definitive account of the 2020 election. Based on Mollie Hemingway's exclusive interviews with campaign officials, reporters, Supreme Court justices, and President Trump himself, it exposes the fraud and cynicism behind the Democrats' historic power-grab. Rewriting history is a specialty of the radical left, now in control of America's political and cultural heights. But they will have to contend with the determination, insight, and eloquence of Mollie Hemingway. RIGGED is a reminder for weary patriots that truth is still the most powerful weapon. The stakes for our democracy have never been higher.

American Government 3e Sep 22 2021

Breaking the Two-Party Doom Loop Dec 26 2021 American democracy is in crisis, but nobody seems to know what to do about it. Breaking the Two-Party Doom Loop offers a big and bold plan. The true crisis of American democracy is that two parties are too few. Deltly weaving together history, theory and political science research, Drutman shows the only to break the binary, zero-sum toxic partisanship is to break it apart. America needs more partisanship, rather than less, but in the form of more parties. In this wide-ranging, learned, but highly accessible book, Drutman charts an exciting path forward that might just save the country.

Strangers in Their Own Land Jan 27 2022 The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump "A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book." —Jason DeParle, The New York Times Book Review When Donald Trump won the 2016 presidential election, a bewildered nation turned to Strangers in Their Own Land to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party stronghold. As Jedediah Purdy put it in the New Republic, "Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits. . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite." Already a favorite common read book in communities and on campuses across the country and called "humble and important" by David Brooks and "masterly" by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

Learning Seventeen Jul 09 2020 Reform school is about to get more interesting.

The Austrian Party System Jul 01 2022 First published in 1989, Political science in Austria is a relatively young discipline. It began to gradually establish itself in the 60's and only as recently as 1971 was it anchored in the curriculum of Austrian universities as a separate field of study. With the present book in English the editors hope to stimulate the interest of international social scientists in Austria, to overcome language barriers, and to make the topical problems and developments of Austrian democracy accessible to an international reading public. The book is intended to reflect the current state of a discipline-political science. However, it is also to be a contribution to the further development of this discipline. It should stimulate further, intensive and critical occupation with the theme "parties and the party system in Austria."

The Parliamentary Debates (official Report), Jul 21 2021 Contains the 4th session of the 28th Parliament through the 1st session of the 48th Parliament.

Report from the Select Committee on House of Commons (procedure) Apr 05 2020

Parties, Polarization and Democracy in the United States Jun 07 2020 As evidenced in the 2008 elections and the transition to a new era of Democratic governance, one of the most important developments in American politics in recent years has been the resurgence of political parties. Democrats and Republicans represent different world views and policies, citizens recognise these differences, and many of them use party labels to make sense of the political world. Parties, Polarisation and Democracy in the United States describes and analyses the place of political parties in American politics today - both among elites and citizens at large. Many scholars and pundits denounce political polarisation; they view it as a symptom of a broken political system that provides unappealing choices for voters and that is frequently mired in deadlock. Baumer and Gold make a different argument - that party polarisation offers the kind of choice and accountability to voters that was not always present in earlier periods of American political history.

Republican Platform 2016 Mar 29 2022 With this platform, we the Republican Party reaffirm the principles that unite us in a common purpose. We believe in American exceptionalism. We believe America is exceptional because our historic role - first as refuge, then as defender, and now as exemplar of liberty for the world to see. We believe our constitutional system - limited government, separation of powers, federalism, and the rights of the people - must be preserved uncompromised for future generations. We believe political freedom and economic freedom are indivisible. When political freedom and economic freedom are separated - both are in peril; when united, they are invincible. We believe that people are the ultimate resource - and that the people, not the government, are the best stewards of our country's God-given natural resources. As Americans and as Republicans we wish for peace - so we insist on strength. We will make America safe. We seek friendship with all peoples and all nations, but we recognize and are prepared to deal with evil in the world. Based on these principles, this platform is an invitation and a roadmap. It invites every American to join us and shows the path to a stronger, safer, and more prosperous America.

Advanced Grammar in Use Book Without Answers Sep 03 2022 Grammar in Use is the world's best-selling grammar series for learners of English. This third edition, without answers, is perfect for reinforcement work in the classroom. The book contains 100 units of grammar reference and practice materials, with photos and illustrations in full colour and a user-friendly layout. It is ideal for learners preparing for the Cambridge Advanced, Proficiency or IELTS examinations, and is informed by the Cambridge International Corpus, which ensures the language is authentic and up-to-date. Versions with answers and with a CD-ROM are available to purchase separately.

The Road to Love Nov 24 2021

Guide to U.S. Political Parties Nov 12 2020 This one-volume reference presents the major conceptual approaches to the study of U.S. political parties and the national party system, describing the organization and behavior of U.S. political parties in thematic, narrative chapters that help undergraduate students better understand party origins, historical development, and current operations. Further, it provides researchers with in-depth analysis of important subtopics and connections to other aspects of politics. Key Features: Thematic, narrative chapters, organized into six major parts, provide the context, as well as in-depth analysis of the unique system of party politics in the United States. Top analysts of party politics provide insightful chapters that explore how and why the U.S. parties have changed over time, including major organizational transformations by the parties, behavioral changes among candidates and party activists, and attitudinal changes among their partisans in the electorate. The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate-centered model, fueled in part by changes in campaign finance, the rise of new communication technologies, and fragmentation of the electorate. This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States.

The Turnout Myth Jan 15 2021 When voter turnout is high, Democrats have an advantage—or so the truism goes. But, it is true? In *The Turnout Myth*, Daron Shaw and John Petrocik refute the widely held convention that high voter

participation benefits Democrats while low involvement helps Republicans. The authors examine over 50 years of presidential, gubernatorial, Senatorial, and House election data to show that there is no consistent partisan effect associated with voter turnout in national elections. Instead, less-engaged citizens' responses to short-term forces-candidate appeal, issues, scandals, and the like-determine election turnout. Moreover, Republican and Democratic candidates are equally affected by short-term forces. The consistency of these effects suggests that partisan conflict over eligibility, registration, and voting rules and regulations is less important for election outcomes than both sides seem to believe. Featuring powerful evidence and analytical acumen, this book provides a new foundation for thinking about U.S. elections.

Social Media, Parties, and Political Inequalities Jun 27 2019 This book examines how social media have transformed politics in established democracies. Specifically, the authors examine the influence of the unique qualities of social media on the power balance between and within parties. They present a general theory as well as an in-depth case study of the Netherlands and compare it to the US and European democracies. The authors show how and why social media's introduction leads to equalization for some and normalization for others. Additional to national politics, Jacobs and Spierings investigate often-overlooked topics such as local and European politics and the impact on women and ethnic minorities.

The Federalist Papers May 07 2020 Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

The Democratic Socialist Party and the Fourth International Mar 05 2020

Two Parties—or More? Sep 10 2020 Students of American government are faced with an enduring dilemma: Why two parties? Why has this system remained largely intact while around the world democracies support multiparty systems? Should our two-party system continue as we enter the new millennium? This newly revised and updated edition of *Two Parties-Or More?* answers these questions by

Lord of the Flies Oct 24 2021 Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new *Suggestions for Further Reading* by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Objective Key Teacher's Book with Teacher's Resources Audio CD/CD-ROM Apr 29 2022 Objective Key offers students complete, official preparation for the Cambridge English: Key (KET) exam. This is a revised and updated edition of Objective KET. Short units offer a variety of lively topics while providing training in exam skills and solid language development. The Teacher's Book contains teaching notes, extra teaching ideas to extend or shorten the length of the activities and clear, comprehensive answer keys. The Teacher's Resources Audio CD/CD-ROM contains: two complete practice tests with audio, 10 progress tests and photocopiable classroom activities. Also on the CD-ROM are the answers and recording scripts for the For Schools Pack Practice Test Booklet which is available separately.

Responsible Parties Nov 05 2022 How popular democracy has paradoxically eroded trust in political systems worldwide, and how to restore confidence in democratic politics In recent decades, democracies across the world have adopted measures to increase popular involvement in political decisions. Parties have turned to primaries and local caucuses to select candidates; ballot initiatives and referenda allow citizens to enact laws directly; many places now use proportional representation, encouraging smaller, more specific parties rather than two dominant ones. Yet voters keep getting angrier. There is a steady erosion of trust in politicians, parties, and democratic institutions, culminating most recently in major populist victories in the United States, the United Kingdom, and elsewhere. Frances Rosenbluth and Ian Shapiro argue that devolving power to the grass roots is part of the problem. Efforts to decentralize political decision-making have made governments and especially political parties less effective and less able to address constituents' long-term interests. They argue that to restore confidence in governance, we must restructure our political systems to restore power to the core institution of representative democracy: the political party.

Persian Pilgrimages Feb 02 2020 An insider's portrait of Iran seeks to measure the true feelings of its citizens despite government and media profile, chronicling the author's year-long journey during which he interviewed people from all walks of life and uncovered a fascination for western ways of life. 11,500 first printing.

Digital Political Participation, Social Networks and Big Data Jun 19 2021 This book explores the changes in political communication in light of the development of a public opinion mediated by web 2.0 technologies. One of the most important changes in political communication is related to the process of disintermediation, i.e. the process by which digital technologies allow citizens to compete in the public space with those agents who, traditionally, co-opted public opinion. However, while disintermediation has undeniably generated a number of advances, having linked citizens to the public debate, the authors highlight some aspects where disintermediation is moving away from a rational and inclusive public space. They argue that these aspects, related to the immediacy, polarization and incivility of the communication, obscure the possibilities for democratization of digital political communication.

Parliamentary Papers Aug 10 2020

Animal Farm Aug 29 2019 George Orwell's famous satire of the Soviet Union, in which "all animals are equal but some animals are more equal than others."

Rhode Island History! Feb 25 2022

Prius Or Pickup? Dec 02 2019 Two award-winning political scientists provide the psychological key to America's deadlocked politics, showing that we are divided not by ideologies but something deeper: personality differences that appear in everything from politics to parenting to the workplace to TV preferences, and which would be innocuous if only we could decouple them from our noxious political debate. What's in your garage: a Prius or a pickup? What's in your coffee cup: Starbucks or Dunkin' Donuts? What about your pet: cat or dog? As award-winning political scholars Marc Hetherington and Jonathan Weller explain, even our smallest choices speak volumes about us—especially when it comes to our personalities and our politics. Liberals and conservatives seem to occupy different worlds because we have fundamentally different worldviews: systems of values that can be quickly diagnosed with a handful of simple parenting questions, but which shape our lives and decisions in the most elemental ways. If we're to overcome our seemingly intractable differences, Hetherington and Weller show, we must first learn to master the psychological impulses that give rise to them, and to understand how politicians manipulate our mindsets for their own benefit. Drawing on groundbreaking original research, *Prius or Pickup?* is an incisive, illuminating study of the fracturing of the American mind.
