Lord of Flesh Aug 01 2022 The Isles are a brutal, nasty place and the capital city, Ansiri, is no exception. Its nobility is rife with infighting, nonhuman races are cruelly enslaved, and violence is the primary currency. It's those very things that Baron Leo VanOrden plans to exploit. The ambitious, young heir to a waning family dynasty, Leo has nothing but time on his hands. Time-- and an abundance of opportunities. Because, for all its flaws, Ansiri is a city where anything can be accomplished. Lord of Flesh is an 75,000 word novel intended for mature readers only.

How to Write Science Fiction & Fantasy Aug 21 2021 Learn to write science fiction and fantasy from a master You've always dreamed of writing science fiction and fantasy tales that pull readers into extraordinary new worlds and fantastic conflicts. Best-selling author Orson

Scott Card shows you how it's done, distilling years of writing experience and publishing success into concise, no-nonsense advice. You'll learn how to: • utilize story elements that define the science fiction and fantasy genres • build, populate, and dramatize a credible, inviting world your readers will want to explore • develop the "rules" of time, space and magic that affect your world and its inhabitants • construct a compelling story by developing ideas, characters, and events that keep readers turning pages • find the markets for speculative fiction, reach them, and get published • submit queries, write cover letters, find an agent, and live the life of a writer The boundaries of your imagination are infinite. Explore them with Orson Scott Card and create fiction that casts a spell over agents, publishers, and readers from every world.

Prophetic City Apr 16 2021 Houston, Texas, long thought of as a traditionally blue-collar black/white southern city, has transformed into one of the most ethnically and culturally diverse metro areas in the nation, surpassing even New York by some measures. With a diversifying economy and large numbers of both highly-skilled technical jobs in engineering and medicine and low-skilled minimum-wage jobs in construction, restaurant work, and personal services, Houston has become a magnet for the new divergent streams of immigration that are transforming America in the 21st century. And thanks to an annual systematic survey conducted over the past thirty-eight years, the ongoing changes in attitudes, beliefs, and life experiences have been measured and studied, creating a compelling data-driven map of the challenges and opportunities that are facing Houston and the rest of the country. In *Prophetic City*, we'll meet some of the new Americans, including a family who moved to Houston from Mexico in the early 1980s and is still trying to find work that pays more than poverty wages. There's a young man born to highly-educated Indian parents in an affluent Houston suburb who grows up to become a doctor in the world's largest medical complex, as well as a white man who struggles with being prematurely pushed out of the workforce when his company downsizes. This timely and groundbreaking book tracks the progress of an American city like never before. Houston is at the center of the rapid changes that have redefined the nature of American society itself in the new century. Houston is where, for better or worse, we can see the American future emerging.

Building Type Basics for Healthcare Facilities Sep 21 2021 Essential information for the design of healthcare facilities *Building Type Basics for Healthcare Facilities, Second Edition* is your one-stop reference for the essential information you need to confidently begin the design process and successfully complete a healthcare project, large or small, on time and within budget. Leading architects from across the United States share their firsthand knowledge in order to guide you through all aspects of healthcare facility design, with an emphasis on what you need to do to get started quickly. This edition is revised with multiple new healthcare project examples completed this century, more information on engineering requirements, and background on evolving sustainability and technology issues. It begins with an assessment of the healthcare industry's current and future needs, focusing on how those needs affect architecture. Next you get critical information and guidelines that enable you to create successful designs for inpatient,

outpatient, and long-term care facilities. Coverage includes clinics, emergency departments, ambulatory care units, specialty centers, as well as facilities designed for adaptive reuse or the assimilation of future technologies. This quick reference: Addresses twenty key questions that arise when launching a healthcare facility design project Offers insight from leaders in the industry based on their own design experience Provides hundreds of project photographs, diagrams, floor plans, sections, and details Not only does this book offer current, authoritative information, its comprehensive coverage and logical organization also save you countless hours of research. Building Type Basics books provide architects with the essentials needed to jump-start specialized facilities design. Each volume features leading experts in the field who address the issues that shape the early phases of a project in a convenient, easy-to-use format.

Management for the Construction Industry Dec 01 2019 Management for the Construction Industry introduces the principles of management and applies them to the construction industry. It covers the level 2 module of the CIOB's Education Framework on management and is officially sanctioned by the CIOB as the recognised text for that module. The text builds on the knowledge of basic disciplines, such as technology, economics and law, and forms the basis for more advanced studies in specialist aspects of management. The main context of the book is the construction industry but emphasis is also given throughout to transferable skills in the study of management. This book is a core text for the CIOB level 2 module on management, as well as BTEC HNC/D building studies and degree courses in building, construction management and surveying.

Igniting a Passion for Reading Mar 16 2021 Provides teachers with guidance on creating not only skilled readers but children who enjoy reading both inside and outside of the classroom.

Civility Aug 28 2019 Considers the causes and nature of the moral crisis in America today and offers ways in which families, individuals, and politicians can improve the country by adhering to basic principles of civility

Learning to be Loyal Oct 30 2019 How do nation-states inculcate loyalty? In *Learning to Be Loyal*, Harp explores the role of primary education in nation building in a region that moved back and forth between French and German control four times in the period between 1871 and 1945. On the basis of extensive archival research, he shows how both France and Germany used the teaching of the national language, culture, geography, and history to transform ordinary people's local and religious identities into national ones. Illustrating how recent the use of education as a tool of nation building is, *Learning to Be Loyal* provides a historical perspective for contemporary discussions about the role of education in meeting the challenges of linguistic diversity and national culture in the late twentieth century. It will appeal broadly to social historians of modern Europe and especially to those interested in the history of education and nationalism.

Imaginary Friend Jun 30 2022 Instant New York Times Bestseller One of Fall 2019's Best Books (People, EW, Lithub, Vox, Washington Post, and more) A young boy is haunted by a voice in his head in this acclaimed epic of literary horror from the author of *The Perks of Being a Wallflower*. Christopher is seven years old. Christopher is the new kid in town. Christopher has an imaginary friend. We can swallow our fear or let our fear swallow us. Single mother Kate Reese is on the run. Determined to improve life for her and her son, Christopher, she flees an abusive relationship in the middle of the night with her child. Together, they find themselves drawn to the tight-knit community of Mill Grove, Pennsylvania. It's as far off the beaten track as they can get. Just one highway in, one highway out. At first, it seems like the perfect place to finally settle down. Then Christopher vanishes. For six long days, no one can find him. Until Christopher emerges from the woods at the edge of town, unharmed but not unchanged. He returns with a voice in his head only he can hear, with a mission only he can complete: Build a treehouse in the woods by Christmas, or his mother and everyone in the town will never be the same again. Twenty years ago, Stephen Chbosky's *The Perks of Being a Wallflower* made readers everywhere feel infinite. Now, Chbosky has returned with an epic work of literary horror, years in the making, whose grand scale and rich emotion redefine the genre. Read it with the lights on.

The Impeachment of Abraham Lincoln Jan 26 2022 From the author of the bestsellers *The Emperor of Ocean Park* and *New England White*, an electrifying and provocative historical novel set in an alternate history in which Abraham Lincoln survives assassination at Ford's Theatre on April 14, 1865. In this gripping legal and political thriller, Stephen L. Carter imagines what might have happened if Lincoln had lived to face the tumultuous post-war politics of 1865 Washington, D.C., including an impeachment trial for overstepping his Constitutional authority during the Civil War. At the novel's center is Abigail Canner, a young black woman recently graduated from Oberlin, who is hired by the D.C. law firm that is working on Lincoln's defense. When one of Lincoln's lead lawyers is found brutally murdered, Abigail is plunged into a web of intrigue, politics, and conspiracy.

The Stand Feb 01 2020 A monumentally devastating plague leaves only a few survivors who, while experiencing dreams of a battle between good and evil, move toward an actual confrontation as they migrate to Boulder, Colorado.

World-building Nov 04 2022 With Stephen Gillett's help, you'll be on solid ground, no matter what kinds of worlds you create for your science fiction. *World-Building* explains science to help you make your fiction plausible. You'll give your worlds the pull of gravity, aware of the effects on inhabitants and the planets themselves. Mix elements and build planets with chemically credible, geologically accurate characteristics - and anomalies - that affect those who live there. Create planetary "engines," convincing atmospheres and fact-based weather patterns. Colonize a truly weird world: ancient Earth. Explore our neighboring planets and their satellites for SF possibilities. Light and heat your landscapes with the right types of stars. See how things might be on a "chloroxygen" world and other hypothetical places. In this book, you'll follow calculations, read tables, view diagrams, learn what forces are at work in the universe, and see how you can harness them to give realism to the fantasy in your storytelling.

Building Our Dream in Remote Colorado Jul 28 2019 In 1971, after buying their acreage in a very remote area of the Colorado Mountains, the Wood family began to develop their dream ranch. The history and wild life of the area provides a fascinating backdrop for their story of adventure and discovery in the wilderness. From the first Americans to the mining era and the building of the railroads, Colorado is steeped in the glorious history of the Wild West. The property was located in the middle of a cow pasture with only marginal access and the closest electrical lines were over twelve miles away. With no means of communication and the closest town twenty-two miles away, the family had their work cut out for them. After surviving a devastating blizzard with thirty people in their home, they understood the importance of understanding survival techniques. Their crazy but true experiences are recounted with frankness and humor. By sharing his experiences and newly-gained knowledge, Wood has saved many of his friends hundreds of dollars, offering his advice on energy systems and the challenges of building in a remote area. Through perseverance and good old-fashioned hard work, he and his family built their dream ranch in the beautiful mountains of Colorado.

Residential Open Building Nov 23 2021 Residential Open Building, the result of a CIB Task Group 'Open Building Implementation', provides a state-of-the-art review of open building, fundamental principles, recent developments, and international coverage of current projects on both the public and private arena. Open Building is a highly flexible and economical method of building which has far reaching advantages for urban designers, architects, contractors, developers and end users.

Electric Railway Journal Jun 06 2020

Rural Social Work Oct 23 2021 A thoughtful text integrating strengths, assets, and capacity-building themes with contemporary issues in rural social work practice Now in its second edition, Rural Social Work is a collection of contributed readings from social work scholars, students, and practitioners presenting a framework for resource building based on the strengths, assets, and capacities of people, a tool essential for working with rural communities. This guide considers methods for social workers to participate in the work of sustaining rural communities. Each chapter features a reading integrating the themes of capacity-building and rural social work; discussion questions that facilitate critical thinking around the chapter; and suggested activities and assignments. Rural Social Work, Second Edition explores: Important practice issues in rural communities, including the challenges of working with stigmatized populations such as gay, lesbian, bisexual, and transgendered people, the homeless, and people living with HIV/AIDS Practice models that hold special promise for rural social workers, including evidence-based practice and community partnership models Newer research tools such as asset mapping, social network analysis, concept mapping, and Geographic Information Systems (GIS) Exploring how social workers can integrate the tremendous resources that exist in rural communities into their practice, Rural Social Work, Second Edition provides a solid introduction to the complex,

challenging, and rewarding work of building and sustaining rural communities.

Ground Zero Sep 29 2019 The instant #1 New York Times bestseller. In time for the twentieth anniversary of 9/11, master storyteller Alan Gratz (Refugee) delivers a pulse-pounding and unforgettable take on history and hope, revenge and fear -- and the stunning links between the past and present. September 11, 2001, New York City: Brandon is visiting his dad at work, on the 107th floor of the World Trade Center. Out of nowhere, an airplane slams into the tower, creating a fiery nightmare of terror and confusion. And Brandon is in the middle of it all. Can he survive -- and escape? September 11, 2019, Afghanistan: Reshmina has grown up in the shadow of war, but she dreams of peace and progress. When a battle erupts in her village, Reshmina stumbles upon a wounded American soldier named Taz. Should she help Taz -- and put herself and her family in mortal danger? Two kids. One devastating day. Nothing will ever be the same.

Snow Crash Feb 24 2022 The "brilliantly realized" (The New York Times Book Review) breakthrough novel from visionary author Neal Stephenson, a modern classic that predicted the metaverse and inspired generations of Silicon Valley innovators Hiro lives in a Los Angeles where franchises line the freeway as far as the eye can see. The only relief from the sea of logos is within the autonomous city-states, where law-abiding citizens don't dare leave their mansions. Hiro delivers pizza to the mansions for a living, defending his pies from marauders when necessary with a matched set of samurai swords. His home is a shared 20 X 30 U-Stor-It. He spends most of his time goggled in to the Metaverse, where his avatar is legendary. But in the club known as The Black Sun, his fellow hackers are being felled by a weird new drug called Snow Crash that reduces them to nothing more than a jittering cloud of bad digital karma (and IRL, a vegetative state). Investigating the Infocalypse leads Hiro all the way back to the beginning of language itself, with roots in an ancient Sumerian priesthood. He'll be joined by Y.T., a fearless teenaged skateboard courier. Together, they must race to stop a shadowy virtual villain hell-bent on world domination.

Titan May 30 2022 Signs of life have been found on Titan, Saturn's largest moon.

Rome Apr 28 2022 In doing so, he offers a dramatic picture of a complex and changing urban center that, despite its flaws, flourished for centuries.
