How to Draw on Grey Paper Aug 19 2021 Drawing on toned paper is a fun way to step outside the box and try something different. You can expand your drawing skills by drawing on grey paper because it will help you to discover opportunities and ideas that wouldn't otherwise be possible if you only drew on white paper. Drawing white objects or animals on white paper is especially tricky as they would look far less

noticeable. To make such a drawing more prominent, we would have to color the background, and this is quite difficult and tedious, which may discourage you from drawing. In this book, you will learn to draw from both reference photos and imagination so that you can learn to see things through the artist's eyes, enrich your creative mind, and get inspired. It will help you to see and understand art from a different point of view and to enjoy the endless opportunities that working on toned paper offers. Reasons to Draw on Toned Paper: · You can start with white, which is pretty interesting. · You only have to add black and white shades, and the paper does the rest of the job. · Your work will seem more complete and won't look pale because lighter hues appear quite darker on a grey surface, and they won't "disappear" like on white paper. · Your highlights will appear much more spectacular and three-dimensional. · Drawings on toned paper look more realistic and lifelike. · You can use the tone of the paper as your mid-tone, which is particularly helpful if you struggle with creating mid-tones on white paper. · Working on grey paper will help you to see and evaluate tonal values more easily. · The experience and skills gained by working with toned paper is something that you can apply to your white paper in the future. Working on grey paper will boost your creativity.

Love Yourself: Essays on Self-love, Care and Healing Inspired by BTS Jul 30 2022

Inspired by BTS' message of "love yourself, speak yourself" Love Yourself features 10 essays on self-love, care and healing from contributors around the world.

According to BTS, to be human is to love; humans are love in physical form. Both BTS and their fans, ARMY, were created, and remain continuously united in love. The love that BTS speak of is complex and nuanced at times, but also can transcend cultural, language, and physical barriers. Love is BTS' call to action, they ask of us to learn to love ourselves and to warmly embrace others in whatever way we can. Amongst the pages of this book you will find a range of experiences and stories that share universal themes and truths. Some may be familiar to you, some may be new. These essays are not about BTS even as all the contributors are ARMY and have been deeply influenced by the group and fandom alike. These essays are personal accounts of the writers' lives that are linked to socio-cultural-political analyses and understandings for further context and, perhaps, to provide the reader with tools for understanding their own journey, too. Each essay provides a heartfelt examination of self-love as a journey, a work in progress. This is your call to action. It has two words, three syllables, and twelve letters. Love yourself. Say it

out loud right now as you read it and you might be confused, because what exactly does it mean to love yourself? But say it while looking at yourself in the mirror with unwavering eye contact, and perhaps you'll start to understand what adventure is afoot. Perhaps you're already in the thick of it. Either way, it can't hurt to say it. Once more, for the sake of art: Love yourself.

HOLINESS; BEING PLAIN PAPERS ON ITS NATURE, HINDRANCES, DIFFICULTIES AND ROOTS Aug 26 2019 The twenty papers contained in this volume are a humble contribution to a cause which is exciting much interest in the present day—I mean the cause of scriptural holiness. It is a cause which everyone who loves Christ, and desires to advance His kingdom in the world, should endeavor to help forward. Everyone can do something and I wish to add my mite. The reader will find little that is directly controversial in these papers. I have carefully abstained from naming modern teachers and modern books. I have been content to give the result of my own study of the Bible, my own private meditations, my own prayers for light, and my own reading of old divines. If in anything I am still in error, I hope I shall be shown it before I leave the world. We all see in part, and have a treasure in earthen vessels. I trust I am willing to learn.

College Essay Essentials May 16 2021 Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.
