Carnivore Behavior, Ecology, and Evolution Jul 05 2020 Because carnivores are at the top of the food chain, their status is an important indicator of the health of the world ecosystem. They are intensely interesting to zoologists and uniquely intriguing to the general public. Devoted primarily to terrestrial carnivores, this volume focuses on such themes as carnivore reintroduction programs and the ethics of studying carnivores, drawing examples from a variety of species. The need to evaluate new conceptual ideas and empirical data inspired this volume of *Carnivore Behavior, Ecology, and Evolution*, a complement to the original book. In the eight years since publication of the first volume, conservation has emerged as a thematic imperative. The study of carnivores has become even more important in raising and resolving crucial biological problems. Differential rates of mortality in the giant panda and other endangered carnivores are now known to influence dispersal and life history patterns basic to these species' survival. Reintroduction efforts of the black-footed ferret and the red wolf are establishing essential guidelines for preservation and management of endangered species. Studies of the African lion and the dwarf mongoose illustrate the power of new genetic techniques of DNA fingerprinting for understanding the evolution of social behavior.

In the Shadow Garden Oct 20 2021 The richly atmospheric and luminous debut about

three generations of women whose magic is as much a part of life as love, death, and the rich, dark earth beneath their feet--perfect for fans of Practical Magic and Midnight at the Blackbird Cafe. There's something magical about Yarrow, Kentucky. The three empathic witches of the Haywood family are known for their shadow garden--from strawberries that taste like chocolate to cherry tomatoes imbued with the flavors of basil and oregano. Their magic can cure any heartache, and the fruits of their garden bring a special quality to the local bourbon distillery. On one day every year, a shot of Bonner bourbon will make your worst memory disappear. But the Haywoods will never forget the Bonners' bitter betrayal. Twenty years ago, the town gave up more than one memory; they forgot an entire summer. One person died. One person disappeared. And no one has any recollection of either. As events from that fateful summer start to come to light, there must be a reckoning between the rival Haywood and Bonner families. But untangling the deep roots of this town's terrible secrets will expose more than they could ever imagine about love, treachery, and the true nature of their power.

Your Kind of Mommy Nov 20 2021 A mother tells her child that although she may not have eight arms like an octopus, a trunk like an elephant, or a pouch like a wallaby, her kind of love is that kind that is perfect for her child.

Dear Mr. You Mar 13 2021 This book "renders the singular arc of a woman's life through letters Mary-Louise Parker composes to the men, real and hypothetical, who have informed the person she is today. Beginning with the grandfather she never knew, the letters range from a missive to the beloved priest from her childhood to remembrances of former lovers to an homage to a firefighter she encountered to a heartfelt communication with the uncle of the infant daughter she adopted"--

Lolly's always loved Legos, and he prides himself on following the kit instructions exactly. Now, faced with a pile of building blocks and no instructions, Lolly must find his own way forward. His path isn't clear—and the pressure to join a "crew," as his brother did, is always there. When Lolly and his friend are beaten up and robbed, joining a crew almost seems like the safe choice. But building a fantastical Lego city at the community center provides Lolly with an escape—and an unexpected bridge back to the world. David Barclay Moore paints a powerful portrait of a boy teetering on the edge—of adolescence, of grief, of violence—and shows how Lolly's inventive spirit helps him build a life with firm foundations and open doors. Beasts & Children Sep 18 2021 Linked stories exploring the dark heart of the American family: "Electrifying, daring . . . sure to appeal to fans of Karen Russell and Lorrie Moore " (Booklist, starred review). A St. Louis Post-Dispatch Best Book of the Year *The Bowmans* are declining Texas gentry, heirs to an airline fortune, surrounded by a patriarch's stuffed trophies and lost dreams. They will each be haunted by the past as they strive to escape its force. *The Fosters* are diplomats' kids who might as well be orphans. Jill and Maizie grow up privileged amid poverty, powerless to change the lives of those around them and uncertain whether they have the ability to change their own. *The Guzmans* have moved between Colombia and the United States, each generation seeking opportunity for the next, only to find that the American dream can be as crushing as it is elusive. From the tense territory of a sagging, grand porch in Texas to a gated community in Thailand to a lonely apartment in nondescript suburbia, these wry, dark stories unwind the lives of three families as they navigate the ever-shifting landscapes of the American middle class. "No one is safe, Parker reminds us, especially within the family circle—but one's chosen family can also offer salvation. . . . The stories, like the mounted heads in the Bowmans' trophy room, rivet the gaze, demand that readers recognize themselves in those glassy eyes—and then become disconcertingly alive." —The New York Times Book Review

Universal Tonality Dec 22 2021 Since ascending onto the world stage in the 1990s as one of the premier bassists and composers of his generation, William Parker has perpetually toured around the world and released over forty albums as a leader. He is one of the most influential jazz artists alive today. In *Universal Tonality* historian and critic Cisco Bradley tells the story of Parker's life and music. Drawing on interviews with Parker and his collaborators, Bradley traces Parker's ancestral roots in West Africa via the Carolinas to his childhood in the South Bronx, and illustrates his rise from the 1970s jazz lofts and extended work with pianist Cecil Taylor to the present day. He outlines how Parker's early influences—Ornette Coleman, John Coltrane, Albert Ayler, and writers of the Black Arts Movement—grounded Parker's aesthetic and musical practice in a commitment to community and the struggle for justice and freedom. Throughout, Bradley foregrounds Parker's understanding of music, the role of the artist, and the relationship between art, politics, and social transformation. Intimate and capacious, *Universal Tonality* is the definitive work on Parker's life and music.

The Beautiful Life and Tragic Death of Parker Moore Nov 01 2022 Parker Moore, 20 years old, tall and talented, quick to smile and charismatic to all, made a late-night trip to a 7-11 on November 15, 2014. His subsequent murder inside that store sent shockwaves through McMinnville, Oregon and his hometown of Woodinville, Washington. It traumatized the Linfield College and Woodinville High football teams, and shattered the lives of family and friends. His attacker was 33-year-old Juventino Bermudez-Arenas, a mysterious illegal immigrant who lived behind the convenience store. Society will never know the contributions Parker Moore could have made. His irresistible charm earned him instant friends. His rebellious streak made him a free thinker. His charisma commanded rooms. His playful humor brightened the lives of everyone around him. His common sense and down-to-earth faith aided people in their toughest times. His willingness to stand alone for what he believed made him admired. In short, this was a great future leader in the making. Writer Derek Johnson paints a portrait of Parker's life. He then draws on more than sixty interviews with Parker's friends and family to reveal their feelings of devastation and grief, as well as the murder's impact upon their faith.

Ghost Boys May 27 2022 A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.

There Was an Old Dragon Who Swallowed a Knight Nov 28 2019 We all know that "there was an old lady" who swallowed lots of things. Now meet the old dragon who swallows pretty much an entire kingdom! Will he ever learn a little moderation?! This rollicking rhyme is full to bursting with sight gags, silly characters, and plenty of burps! Parents and kids alike will delight in Ben Mantle's precisely funny illustrations and in Penny Parker Klostermann's wacky rhymes. "Klostermann's debut is a rollicking and warped Medieval take on the well-worn cumulative rhyme. Prolific British animator and illustrator Mantle's expressive and bright cartoon illustrations of the red, horned dragon (and the contents of his stomach) are a perfect match. . . . No matter how many swallowed-fly titles you own, this one belongs on your shelf too." - Kirkus

Understanding Global Sexualities Apr 25 2022 Over the course of the past thirty years, there has been an explosion of work on sexuality, both conceptually and methodologically. From a relatively limited, specialist field, the study of sexuality has expanded across a wide range of social sciences. Yet as the field has grown, it has become apparent that a number of leading edge critical issues remain. This theory-building book explores some of the areas in which there is major and

continuing debate, for example, about the relationship between sexuality and gender; about the nature and status of heterosexuality; about hetero- and homo-normativity; about the influence and intersection of class, race, age and other factors in sexual trajectories, identities and lifestyles; and about how best to understand the new forms of sexuality that are emerging in both rich world and developing world contexts. With contributions from leading and new scholars and activists from across the globe, this book highlights tensions or 'flash-points' in contemporary debate, and offers some innovative ways forward in terms of thinking about sexuality - both theoretically and with respect to policy and programme development. An extended essay by Henrietta Moore introduces the volume, and an afterword by Jeffrey Weeks offers pointers for the future. The contributors bring together a range of experiences and a variety of disciplinary perspectives in engaging with three key themes of sexual subjectivity and global transformations, sexualities in practice, and advancing new thinking on sexuality in policy and programmatic contexts. It is of interest to students, researchers and activists in sexuality, sexual health and gender studies, especially those working from public health, sociological and anthropological perspectives.
